READING AND WRITING: A great evening out

Write one word in each space to complete the text.

This week we had (1) film festival in my town. My mum helped to organise (2), so we got some free tickets. (3) were two or three films every day, but I could only go in (4) evenings after school. (5) favourite film was a short cartoon. It wasn't very long, but a friend of (6) from school made it and it was amazing. He worked really hard and it took him about a year to make the film. He had (7) make models and move them each time he filmed them. It's much slower (8) making the film on a computer but the result was fantastic.
