

1 Write true (T) or false (F).

1 The friends play football every Saturday.

2 Mike and Samantha sing.

read

watch TV

play computer games

listen to music

play music

Mike and his sister Samantha are my best friends. We meet in the park every Saturday morning and we **play football** with our friends. We like football, but we aren't very good. After that, we have lunch at my house and, in the afternoon, we **play music** together. We love music! We've got a band – they **play the guitar** and I sing. We practise for two or three hours and then we **watch TV** or we **play computer games**. In the evening, we have dinner and then we **go dancing**. They really like dancing, but I hate it! I **listen to the music** or I **talk to friends**. At 9 o'clock, they go home and I come home, too. I **read** for half an hour, and then I go to bed. Saturday is my favourite day of the week!
