# Choice

- Are these shoes tied with laces?

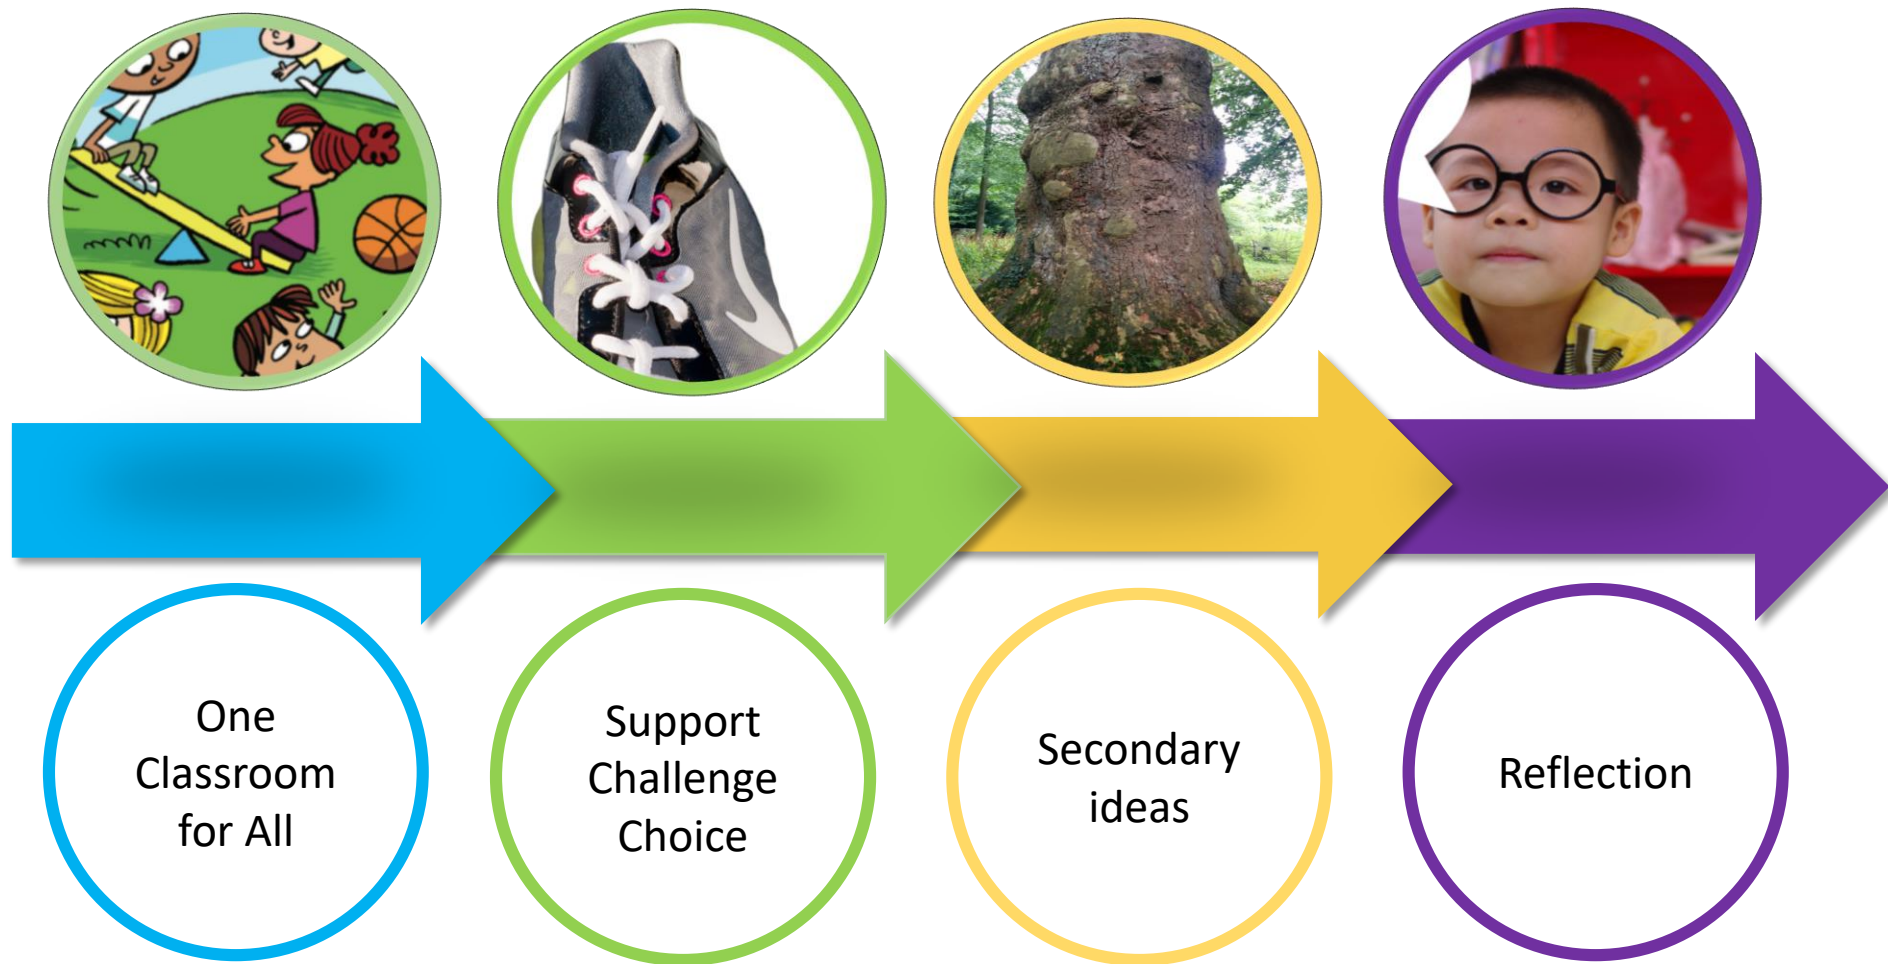

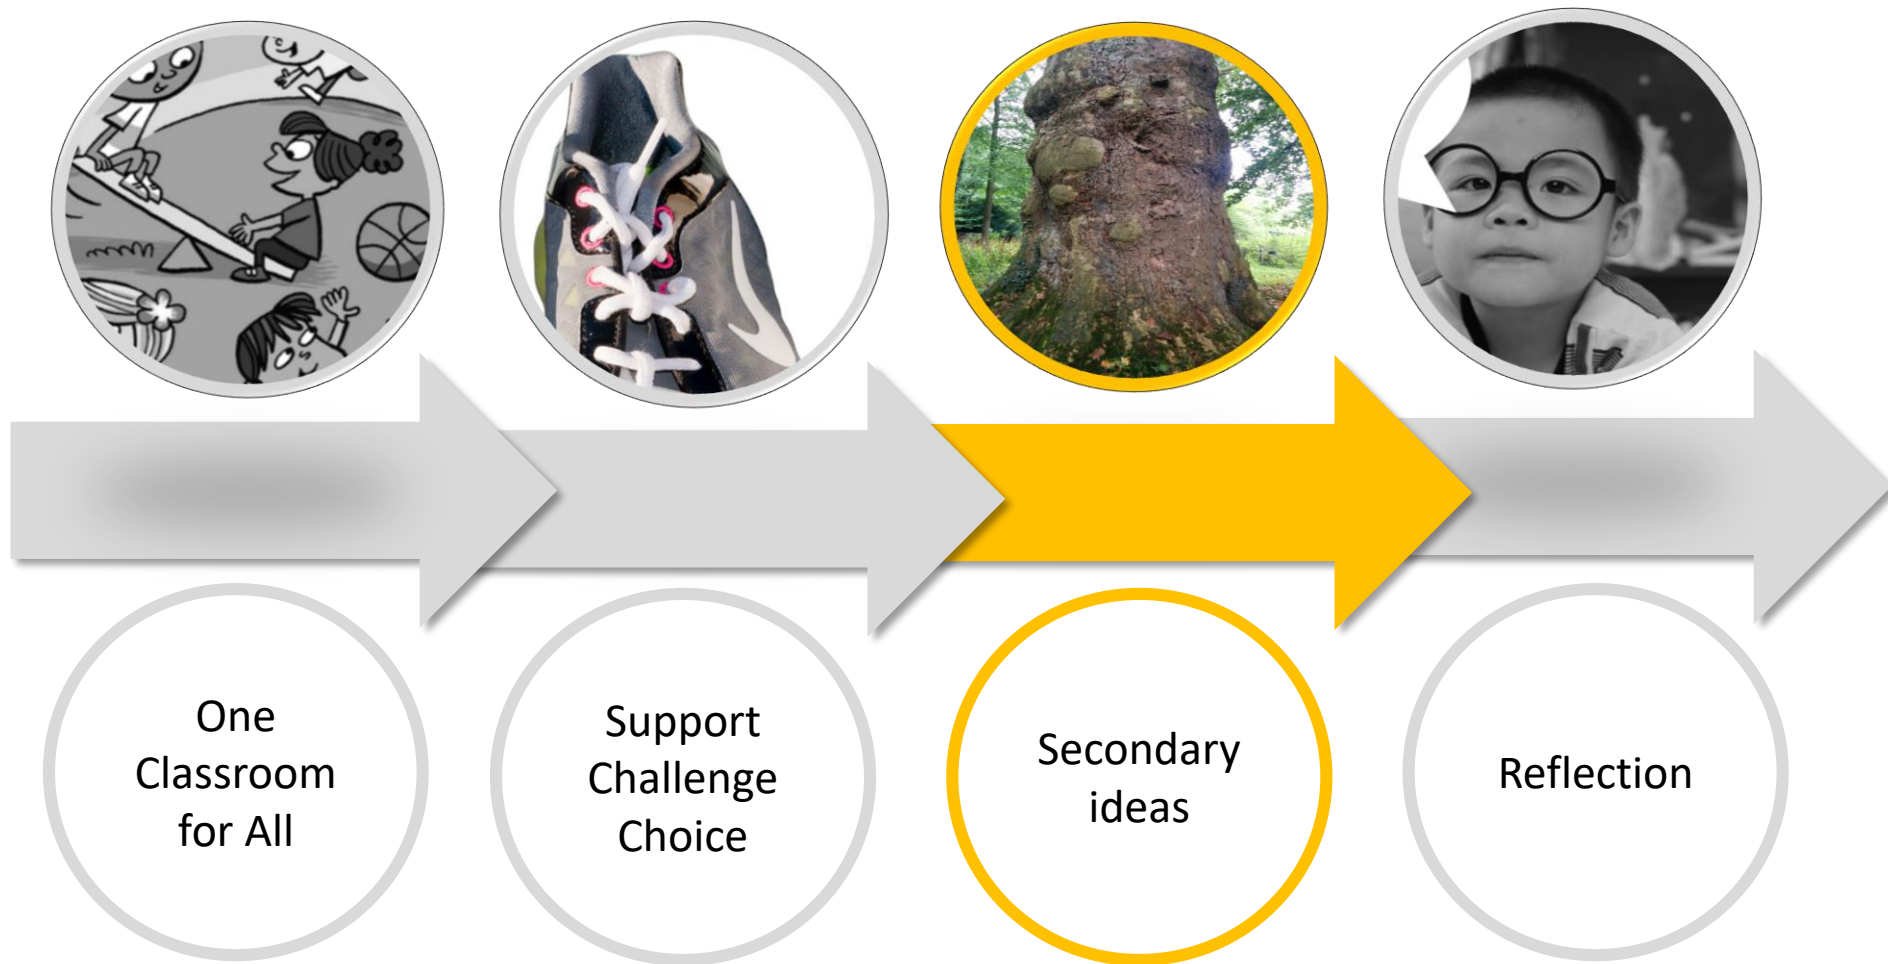

# Why shoelaces?

- We were **supported** to learn when we were little.
- We probably felt **challenged** to learn.
- Now we can **choose** how we tie our shoelaces.

# Support

- We are going to look at a reading text.
- Write **at least 3** ways we can support learners when using a reading text in class.

# Trees

- What questions might you ask learners before giving them the text?
- Where do you think this tree is?
- Who do you think planted this tree?
- How long ago did they plant it?

- Here is your photograph. It shows someone in a park.
- Which part of the exam is this from?

## EXAM TASK

- B1 Preliminary speaking
- **Talk individually**
- Talk for a minute

# stroll

walk slowly and in a relaxed way, usually for pleasure

*We were just enjoying a leisurely stroll in the sunshine.*

Cambridge  
Assessment  
English

## YOUR TASK

- **Don't** look at your watch.
- Talk **with a partner**.
- Stand up after 1 minute.

# stroll

walk slowly and in a relaxed way, usually  
for pleasure

*We were just enjoying a leisurely stroll in the  
sunshine.*

Cambridge  
Assessment  
English

## Wait time

- How long do you give your students before expecting an answer?

# Which questions require more wait time?

What other things could you use a tree for?

What is the function of each part of a tree?

What do we use it for?

Is a tree the best thing to use for what we use it for?

How do you use it?

What is this?

# Which questions require more wait time?

What other things could you use a tree for?

Is a tree the best thing to use for what we use it for?

What is the function of each part of a tree?

How do you use it?

What do we use it for?

What is this?

# Wait time

= the time teachers take before they expect a response from learners.

In a non-native language, most learners will need even longer to think and respond.

**HOTS:**  
Questions which explore understanding and require deeper thinking will clearly need an even longer wait time.

By increasing wait time:

- ✓ learners give longer answers
- ✓ more learners become involved
- ✓ learners improve or add to what other learners say
- ✓ more alternative explanations are given
- ✓ there is less chance of no response

# What is a tree?

## 2020 B1 Preliminary for Schools

- You have two minutes.
- Read **at least** the first paragraph.

This spring, our teacher suggested we should get involved in a green project and plant some trees around the school. Everyone thought it was a great idea, so we started looking online for the best trees to buy. *But we soon found that choosing trees is quite complicated.* If we wanted them to grow properly, they had to be the right type – but there were so many different ones available! So our teacher suggested that we should look for trees that grew naturally in our part of the world. *That way, the trees would be used to local conditions.* They'd also be more suitable for the wildlife here.

Then we had to think about the best place for planting the trees. We learnt that trees are happiest where they have room to grow, with plenty of space for their branches. The trees might get damaged close to the school playgrounds, for example. *So we tried to avoid areas where students were very active.* Finally, we found a quiet corner close to the school garden – perfect!

Once we'd planted the trees, we knew we had to look after them carefully. We all took turns to check the leaves regularly and make sure they had no strange spots or marks on them. *This could mean the tree had a disease.* And we decided to check the following spring in case the leaves turned yellow too soon, as that could also mean the tree was sick.

We all knew that we wouldn't be at the school anymore by the time the trees grew tall, and that was a bit sad. But we'd planted the trees to benefit not only the environment, but also future students at the school. *We knew they'd get as much pleasure from them as we had.* And that thought really cheered us up!

Which parts of the text are **facts**?

Which parts of the text contain *opinions*?

# Complete the sentences about the text

- *I already knew...*
- *I learned ...*
- *I will try and remember ....*
- *I want to find out more about ...*

# Are these typical reading comprehension questions?

Planting trees  
by Mark Rotherham, aged 13

This spring, our teacher suggested we should get involved in a green project and plant some trees around the school. Everyone thought it was a great idea, so we started looking online for the best trees to buy. *But we soon found that choosing trees is quite complicated.* If we wanted them to grow properly, they had to be the right type – but there were so many different ones available! So our teacher suggested that we should look for trees that grew naturally in our part of the world. *That way, the trees would be used to local conditions.* They'd also be more suitable for the wildlife here.

Then we had to think about the best place for planting the trees. We learnt that trees are happiest where they have room to grow, with plenty of space for their branches. The trees might get damaged close to the school playground, for example. *So we tried to avoid areas where students were very active.* Finally, we found a quiet corner close to the school garden – perfect!

Once we'd planted the trees, we knew we had to look after them carefully. We all took turns to check the leaves regularly and make sure they had no strange spots or marks on them. *This could mean the tree had a disease.* And we decided to check the following spring in case the leaves turned yellow too soon, as that could also mean the tree was sick.

We all knew that we wouldn't be at the school anymore by the time the trees grew tall, and that was a bit sad. What did the teacher say?  
What did the students say?

What do you think they typed into  
the search box?

What different types of trees do you  
know in English?

Which trees grow naturally in your  
part of the world?

Apart from space, what other things  
do trees need?

What do you think is in the school  
garden?

Why is it important to look after  
trees?

How long does a tree take to grow  
tall?

Apart from planting trees, what  
other things could current students  
do to make their school a better  
place?

- Questions to the side, not below the text – helps **all** students answer.
- We are giving a **choice** of what they'd like to learn about.
- They are setting themselves a **challenge**.
- Maybe they can use the **support** of the internet to find the answers!

# Facts or opinions

Ask students to look at the first three sentences of the text and say which parts are **facts** and which are **opinions**.

# Facts or opinions

## Facts

- This spring, our teacher suggested we should get involved in...
- ...we started looking online...

## Opinions

- Everyone thought that it was a great idea.
- But we soon found that choosing trees is quite complicated.

# Which order?

- a. Everyone thought it was a great idea.
- b. We planted the trees close to the school garden.
- c. We looked online for the best trees to buy.
- d. We looked for trees for our part of the world.
- e. But we knew that future students would get as much pleasure from them as we had.
- f. We thought about the best place for the trees.
- g. We looked after them carefully.
- h. We all knew that we wouldn't be at the school when the trees grew tall.
- i. Our teacher suggested a green project and planting some trees.

# Which order?

## Planting trees

1. Our teacher suggested a green project and planting some trees.
2. Everyone thought it was a great idea.
3. We looked online for the best trees to buy.
4. We looked for trees for our part of the world.
5. We thought about the best place for the trees.
6. We planted the trees close to the school garden.
7. We looked after them carefully.
8. We all knew that we wouldn't be at the school when the trees grew tall.
9. But we knew that future students would get as much pleasure from them as we had.

# Images

What would be a good photo to appear with this text?

**stroll**

walk slowly and in a relaxed way, usually for pleasure

*We were just enjoying a leisurely stroll in the sunshine.*

Cambridge  
Assessment  
English

# Wordclouds

- Wordle
- Wordart
- Tagcrowd
- Wordcloud

- Which trees grow naturally in Madrid?

Arbutus

# Quiz

## **Trees quiz**

1. How many different parts of a tree can you name?
2. How many different trees do you know the names for in English?
3. Can you name 4 animals that live in trees?
4. Which of these fruits don't grow on a tree?

apples bananas coconuts grapes kiwis lemons  
limes mangoes oranges pears pineapples  
strawberries watermelons

# Tree Appreciation Day

- What do you think happens on Tree Appreciation Day?

# Investigate

- Why are trees important?

[About](#) [Programs](#) [Volunteer](#) [Resources](#) [Events](#)

**01.**

**TREES COMBAT CLIMATE CHANGE**

Excess carbon dioxide (CO<sub>2</sub>) is building up in our atmosphere, contributing to climate change. Trees absorb CO<sub>2</sub>, removing and storing the carbon while releasing oxygen back into the air. In one year, an acre of mature trees absorbs the same amount of CO<sub>2</sub> produced when you drive your car 26,000 miles.

**02.**

**TREES CLEAN THE AIR**

Trees absorb odors and pollutant gases (nitrogen oxides, ammonia, sulfur dioxide and ozone) and filter particulates out of the air by trapping them on their leaves and bark.

**03.**

**TREES PROVIDE OXYGEN**

In one year an acre of mature trees can provide enough oxygen for 18 people.

**05.**

**TREES CONSERVE ENERGY**

Three trees placed strategically around a single-family home can cut

**06.**

**TREES SAVE WATER**

Shade from trees slows water evaporation from thirsty lawns. Most

**07.**

**TREES HELP PREVENT WATER POLLUTION**

Trees reduce runoff by breaking

# Art

# Video

- Watch the opening scene of a film.

# Analysing an activity:

- How will my students feel about it?
- Will everyone be able to do it?
- Will there be a challenge for everyone?
- Which questions will I allow more wait time for?
- Can I give them the chance to rehearse before I ask them to share their answers/work?
- Can I include a choice?

# Choice boards

- Choose two or three activities you would like to do.
- Compare your choices with a partner.
- Did you choose similar or different tasks?

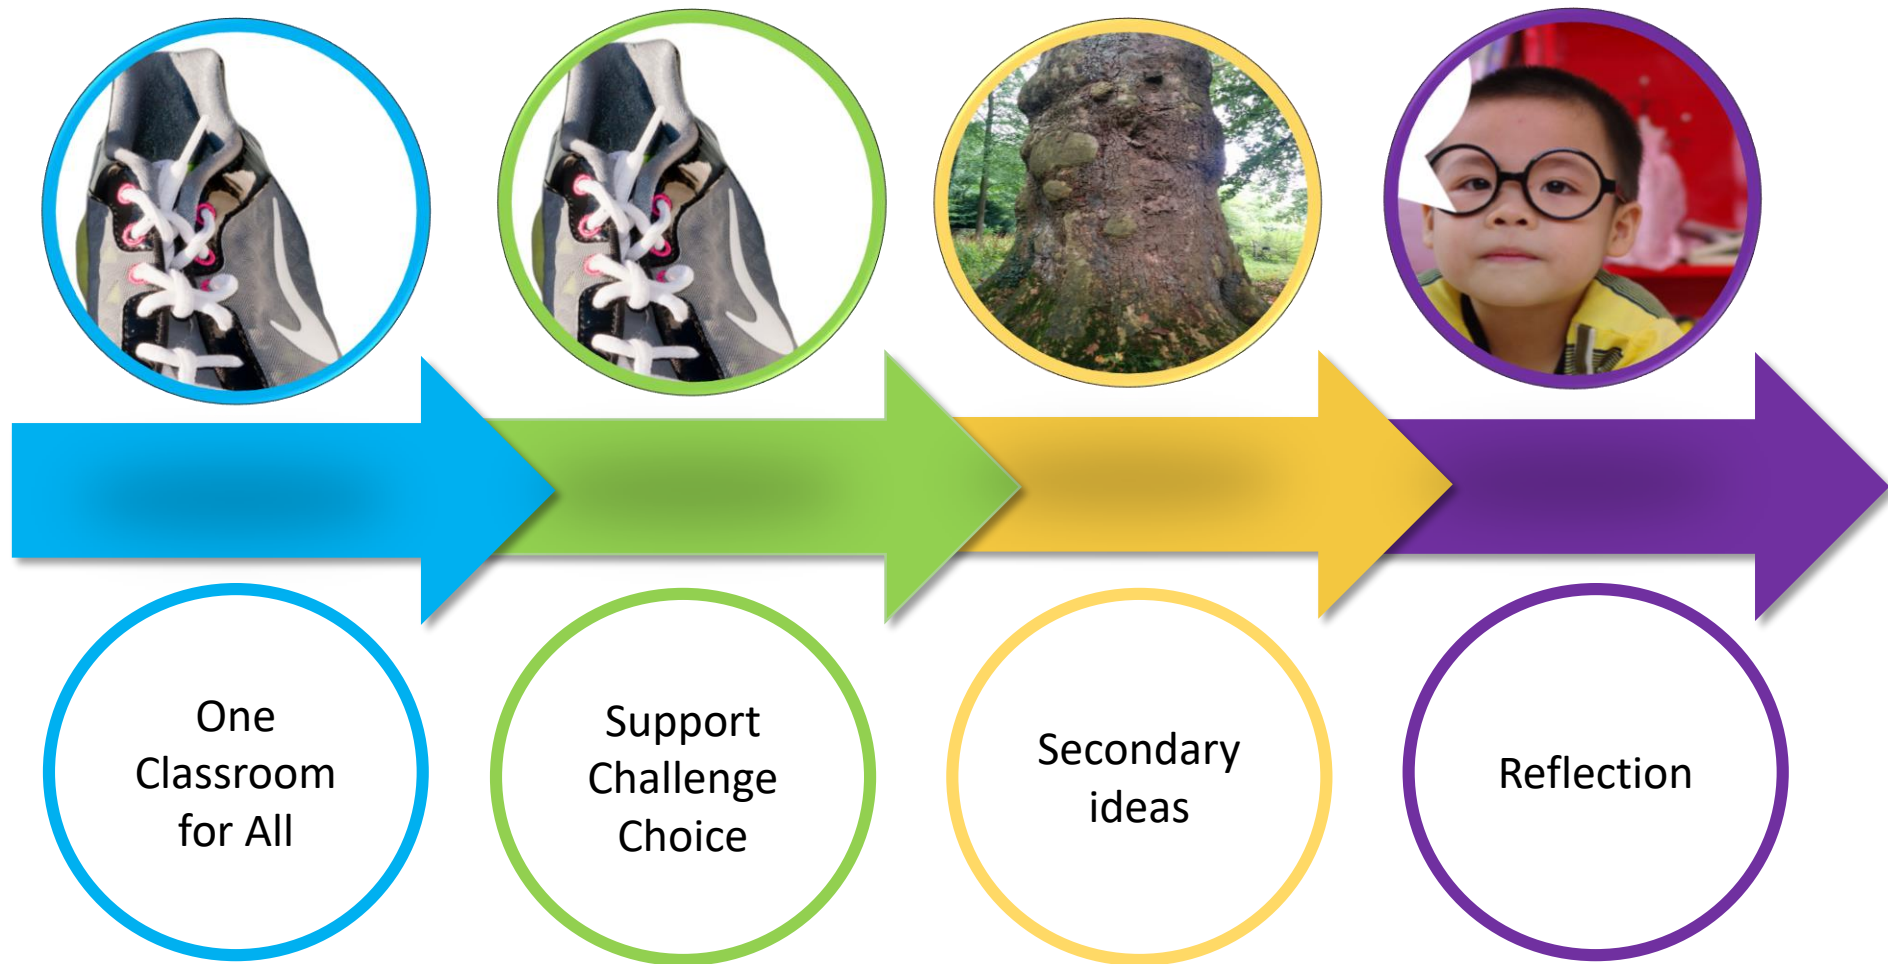

<b>Choice board for Planting trees</b>	Find out information online about different things in the text and insert hyperlinks into it so that others can discover more.	Which adjectives might best describe how the students felt at the different stages in the story?	Find 4 famous paintings which show trees and talk about them.
Find a photo to illustrate the text and explain why you chose it. Listen to other students talking about their photo. Compare your photos.	Type 'planting trees' into a search engine. What results do you get? Which news do you get? Which images do you get?	Find five songs that have 'trees' in their title. Listen to them and choose your favourite.	With a partner, find 5 inspirational quotes containing the word 'tree' and choose the best one and one you don't like. Share your quotes with the class and explain your opinions.
Find out which trees grow naturally in your part of the world.	Make a tree poster for 'Tree Appreciation Day'.	Turn the text into bullet points.	Paste the text into a word cloud generator.
Find out the words for the different parts of a tree and label a picture of a tree.	Make a timeline of the events in a tree's life.	Find out facts about trees then make a quiz for your classmates.	Write a story about a tree.
With other students, take a photo of all the different trees you see today. Look at the collection. Discuss the differences.	Turn the text into a slide presentation.	Read a tree poem and then write a tree poem.	In groups, talk about other ways to improve your area.

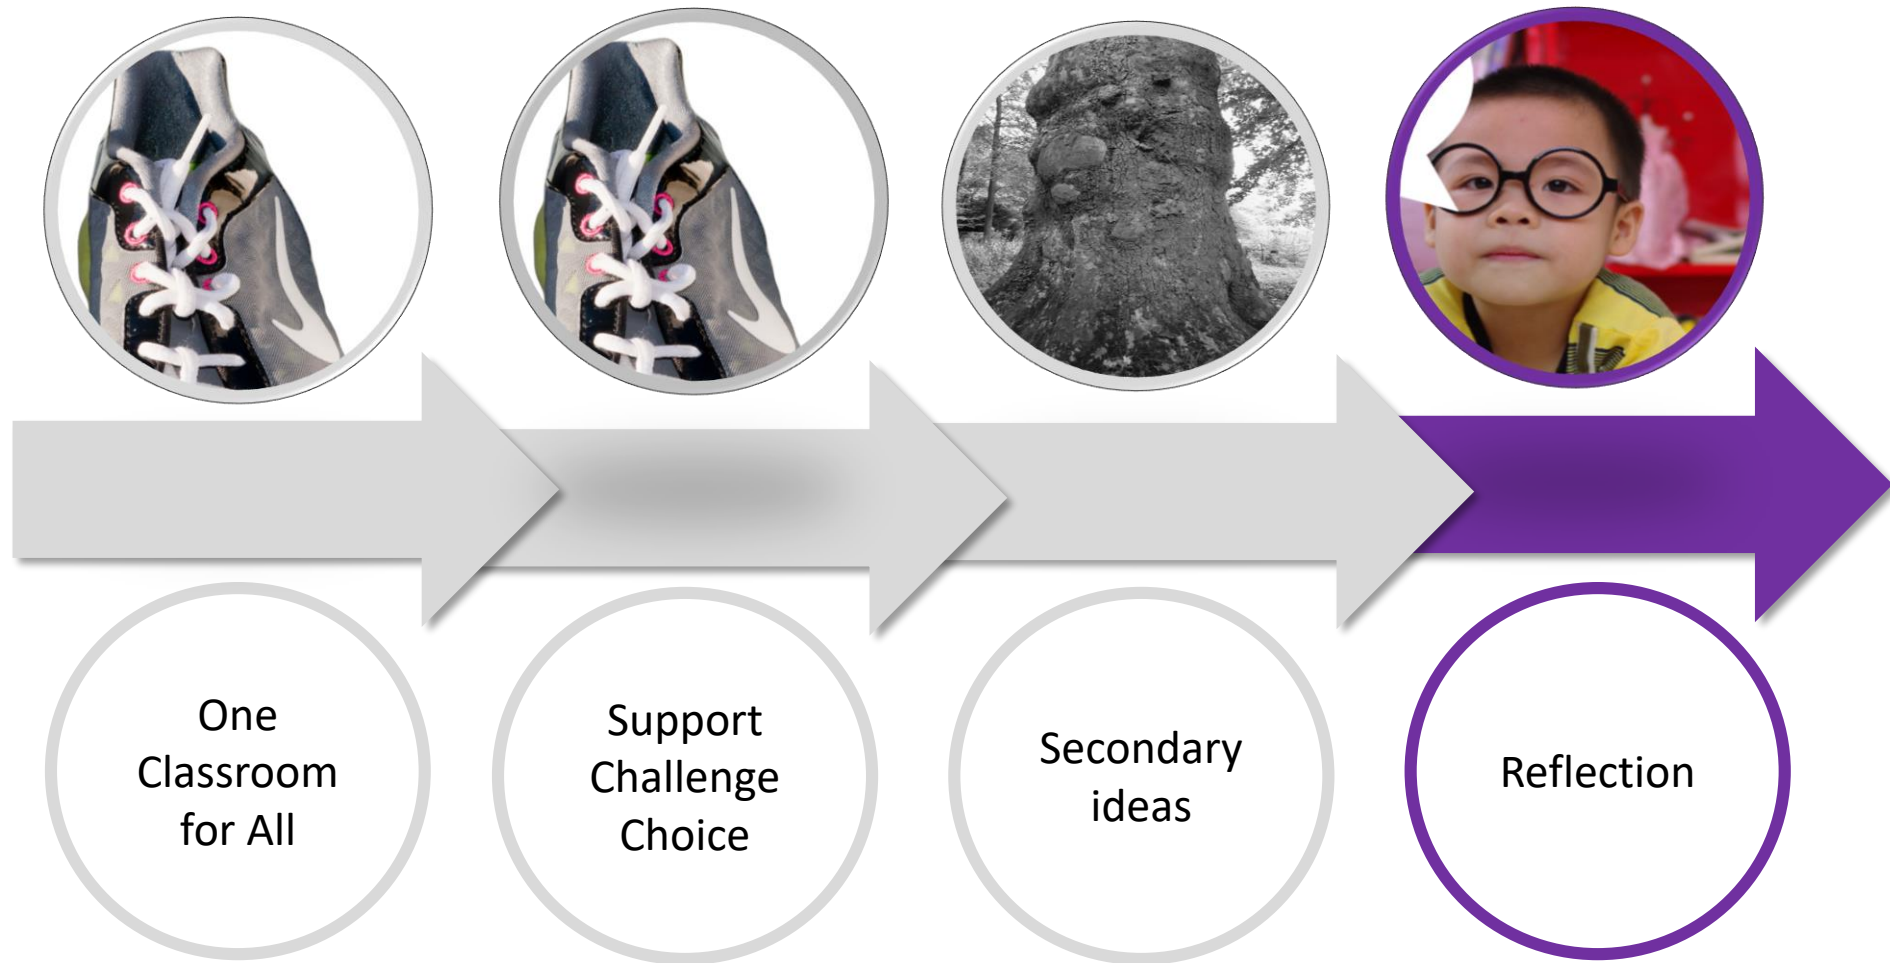

# Quotes

Someone is sitting in the shade today  
because someone planted a tree a long time  
ago.

Warren Buffett

The most interesting thing  
I learned today was ...

I want to find out  
about cool ways to  
tie my shoe laces!
