

My Home Booklet

My Home Booklet has been designed to enhance home-school connections, by keeping parents informed about what their children have been learning in their English lessons at school. After completing each unit of *Kid's Box New Generation* at school, pupils can take *My Home Booklet* home, to show their parents what that they have been learning in class. Each of the 9 units in *My Home Booklet* contains the following activities:

Activities 1 and 2 practise the target vocabulary and grammar from the unit. Make sure your child understands what to do, then encourage them to complete the activity independently.

Activities 3 and 4 recap on the song and Diggory Bones story episode from the unit. Do these activities together with your child and encourage them to talk about the song or story.

Activity 5 provides an opportunity for children to use the language and values they have learned in a creative or collaborative task.

Activity 6 is a self-evaluation activity.

There is an attractive visual **Picture dictionary** for children to revise all the course vocabulary.

Lastly, in the **Sounds and spelling** section, pupils practise pronunciation and spelling sounds that are particularly relevant to Spanish-speaking learners of English.
