Flamenco

Flamenco is a style of dance and music from Andalusia. It has singing, dancing and **clapping**. Finger **clicking** is also important in flamenco. Flamenco musicians play the guitar, the cajón and the castanets.

Girls wear beautiful dresses that move as they dance. Boys wear black trousers and white shirts. Everyone wears special shoes that make a lot of noise when the dancers **stamp** their feet. Flamenco shoes are also an instrument!

Many children in Andalusia learn to dance flamenco when they are very young. How about you?

- Flamenco comes from Asturias.
- 2 There is no clapping in flamenco.
- 3 Flamenco has several different instruments.
- 4 The girls wear special dresses.

What do you recommend?

- Think about your city or town. What places can you visit?
- Read, think and say. Where do the people live?

There is a big cathedral in my city. It has got one tower, not two!

In my city, there's a quitar museum. It's called Museo Antonio de Torres.

You can visit the dock and see replicas of three famous ships.

Look, read and match the photos to the texts.

The Mosque-Cathedral, Córdoba

This is a very special place. It's a beautiful palace in the city where I live. Kings and queens lived here before. It has beautiful gardens and open courtyards.

Juan

This is my favourite building in the city where I live. It's a tall bell tower and it's very old. It comes from the time when Andalusia was Al-Andalus and part of Moorish Spain. It's more than 100 metres high.

María

This is the cathedral in the city where I live. I love this building. It's a very big building and I love going inside. It has Moorish and Christian architecture.

Healthy habits

Look, think and answer. What are the healthy habits?

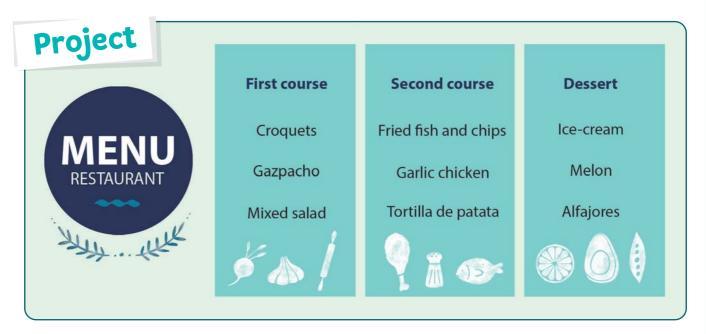

- Look, read and match with the photos in Activity 1.
- Sport is popular in Andalusia football, basketball, tennis and water sports. I love skiing in Sierra Nevada!! b
- Computers and the internet can be very useful, but limit the time you spend looking at a screen. A lot of screen time can hurt your eyes.
- We all need rest. It's the way our bodies recover from our daily activities. In summer, it's very hot and difficult to sleep at night. I usually have a siesta at the weekend!

- It's important to have a balanced diet. Eat healthy food like vegetables, fish and salad. They have a lot of nutrients and are good for you. Andalusia produces lots of fresh fruit and vegetables.
- Pizza tastes good and it's OK to eat sometimes. Try not to eat junk food too often because it doesn't have the nutrients your body needs.

Create a healthy menu

Read the menu and write the healthy foods.

- Create a healthy menu with a partner. Choose three foods for each course.
- Decorate your menu with pictures of the food or patterns from Andalusia.

People in Andalusia eat a Mediterranean diet. It consists of fish, olive oil, fruit and vegetables. It's one of the healthiest diets in the world!

Urban cycling in Seville

Seville: A cycling city!

Do you cycle to school? Or do you go by car or bus? Travelling by bike is better for our health and cleaner for our cities. But in many towns, you never see any cyclists. In Seville, you see them every day.

In 2007, there weren't many bikes or cycle paths in the city. Today, things are different. Seville has more kilometres of cycle paths than Valencia, Barcelona or Madrid. In fact, Seville has got 160 kilometres of cycle paths!

If you haven't got a bike, you can borrow one. There are over 2,500 bikes and 260 charging stations available. You must pay a deposit to use the service, but trips shorter than 30 minutes are free.

Every year, more and more people travel by bike. Lots of them celebrate the Day of the Bicycle on 24 April. What about you? How often do you ride a bike?

Find the numbers. Why are they important?

- Read and say 'yes' or 'no'.

 - 2 Seville is a good city for bikes.

Hi, I'm Lola. I'm from Jaén.

Cycling and tourism in Jaén

Let's go cycling!

I always go cycling at the weekend. Sometimes, I go cycling in a National Park with my family. Jaén has got four Natural Parks! Shall I tell you about my favourite cycling route?

It's a circular route. You start and finish in the same place, La Iruela. It's a small village with an old castle, near the town of Cazorla. Get ready to see more castles, a monastery and the source of the Guadalquivir river. There are also some beautiful waterfalls.

It's not an easy route. It's 58 km long and you climb over 2,500 metres! Don't worry, you can also do the trip in a 4x4 vehicle.

I love riding my bike! Remember, you must always wear a helmet. And you mustn't forget to take water and snacks with you. You can use a map on your phone. Have fun!

Read. Answer the questions.

- 1 How often does Lola go cycling?
- 2 Who does she go cycling with?
- 3 Is La Iruela a village, town or city?
- 4 What can you see in La Iruela?
- What must you take with you?

Work in pairs. Ask and answer.

- 1 How often do you go cycling?
- 2 Do you live in a village, town or city?
- 3 What do you like doing with your family?

ENGLISH FOR SPANISH SPEAKERS

The ENGLISH FOR SPANISH SPEAKERS editions help Spanish-speaking learners overcome the difficulties they face when learning English. This is achieved by integrating our expert knowledge of Spanish speakers with information taken from the unique *Cambridge English Corpus*.

Our in-depth understanding of Spanish-speaking learners is the result of extensive research carried out by our locally-based editorial team and is clearly evident in our ENGLISH FOR SPANISH SPEAKERS editions. This guarantees that the topics and activity types are relevant to Spanish-speaking learners of English, with a focus on areas of language which are typically problematic. Extra support is also provided for teachers of Spanish speakers through detailed teaching notes and specifically-designed ideas for the classroom.

The Cambridge English Corpus is a multi-billion word collection of written and spoken English. It includes the Cambridge Learner Corpus, a unique bank of exam candidate papers. Our authors study the Corpus to see how English is really used, and to identify typical learner mistakes. We use this system to identify which words, grammar patterns or language structures cause the most problems for Spanish-speaking students learning English. As a result, ENGLISH FOR SPANISH SPEAKERS editions are able to confidently address the common mistakes that Spanish-speaking learners make, and give extra practice and tips to avoid these typical errors.
