

KID'S BOX with FUN FOR

This content map is intended to provide clear links between each unit of *Kid's Box Updated Second Edition* and the corresponding levels of *Fun For 4th Edition*. This enables teachers and students to simultaneously use both courses across different classes. For example, connecting regular English classes with extracurricular English classes.

The syllabi are not intended to be identical, though both *Fun For* and *Kid's Box* closely follow the vocabulary and grammar of the **Cambridge English: Starters**, **Movers** and **Flyers tests.**

Fun For 4th edition and Kid's Box are both validated by Cambridge English Language Assessment. This means they check all materials and exam references for accuracy and level. That's why we stamp our books as 'Official Preparation Material', and that's what makes them suitable for either English classes or exam preparation classes.

Kid's Box is the only fun and action-packed, official primary English course with official preparation for **Cambridge English: Young Learners (YLEs) tests.**

Fun For 4th edition is the official test preparation course, combining fun activities and lots of **Cambridge English: Young Learners** practice to motivate children for their first exams.
