Live. Learn. Feel.
Join us on the journey
to successful learning.

Join Andrea Tolve and Mark Meredith at the centre of our mission as we explore student centred learning, the journey to get there and the rewards we receive upon reaching it. Set off on your personal pathway of discovery exploring a world of communication, collaboration and creativity.

Our journey will then divide into two. Rachel Jeffries will take us into the heart of the young learner classroom and the world of stories, looking at techniques to bring stories to life and maintain the excitement and imagination we see with young children. At the same time,

Andrea will look at three different ways of *doing* blended learning, reflecting on which approach would work best for you to ensure success.

Shawn Redwood will round up the journey by looking at writing in the primary classroom. While speaking happens naturally, writing can be a trickier skill to practise effectively, and to monitor, assess and give feedback on constructively. We will look at the new specifications for A1 Movers and A2 Flyers writing tasks, some approaches to teaching and practising them, and how they are assessed.
