Every child has the right to learn in a safe environment where they are both supported and challenged.

Join us at this year's Cambridge Experience as Rachel Jeffries opens up the doors of *One Classroom for All* – the importance of managing feelings in the classroom, how we can measure progress rather than performance, and considering different approaches to dealing with special educational needs that can cause obstacles to learning.

Mark Meredith will continue the morning looking at the theme of Influencers - teachers will be

encouraged to consider their own circle of influence and the impact of social media on today's education.

Mark will then demonstrate some key strategies and practical ideas to help create a diverse and differentiated inclusive environment, both in and out of the classroom, working with familiar classroom and assessment material.
